Description

Planning a funeral is a complicated process, which is made even more difficult by the emotional stress that accompanies the death of a loved one. More than likely, you are feeling overwhelmed with the emotional, logistical, and legal tasks before you. Take a deep breath—we are here to help. Our Planning guide will help ease the process and provide you with all the information you will need to make informed decisions when you have lost someone you love.

This Crisis Funeral Planning Guide has the explanations of the steps involved in planning a funeral, several do-it-yourself planning tools and planning forms, as well as fill-ins for planning funeral services or memorial services.
